

HOSTAGES AND MISSING FAMILIES FORUM

H.E. Luiz Inácio Lula da Silva
President of Brazil

Dear President Lula da Silva,

We, the family members of the abducted civilians and soldiers that have been held hostage by Hamas since Saturday, October 7th, 2023, are writing to you out of great concern for the lives of our babies, children, mothers, fathers, and grandparents. Holding innocent civilians in captivity is a war crime and a crime against humanity, that has been committed by the Palestinian terrorist organization, Hamas.

We respectfully and kindly ask for an urgent meeting with you to discuss the fate of our family members and the efforts to secure their immediate release.

We believe that in a direct meeting with an impactful leader such as yourself, we will be able to share with you the stories of our abducted family members and personally ask for your assistance in bringing them back home to us. We are living a nightmare.

We ask that you, and the Brazilian leadership as a whole, pressure the leaders of Qatar, Turkey, Egypt, and other regional powers that might have leverage over Hamas, to immediately release the Israeli and foreign nationals that are being held hostage in Gaza, with an emphasis on first releasing civilians, including babies, children, women, men and the elderly.

As you are well aware, every second counts. With every hour that goes by, the hostages' situation deteriorates. They are wounded, potentially being tortured and requiring immediate medical treatment.

We, on behalf of 200 families, ask that you help us save our dear ones.

Yours sincerely,

David Zalmanovitsh
